Tartu, Eesti · 58227992

liinaanette@gmail.com · <https://www.linkedin.com/in/liinaanette/> · <https://liinaanette.github.io>

I am a third-year student in Computer Science, writing my bachelor's thesis on machine learning. Outside of the classroom, I like to learn more about web development by taking online courses and building projects from scratch. I look forward to gaining knowledge and further applying my skills in real work situations.

WORK EXPERIENCE

07/2018 – 10/2018

JUNIOR SOFTWARE DEVELOPER, SCORO

Working in an agile development team, writing maintainable code for a live software, using full-stack technologies like PHP, Javascript and SCSS.
